Winterset Thirty: A Sell-Out Crowd!

Winterset 2017 has come and gone; and what a party it was! Chairmen, Drs. Lisa and Drew Crawford created a fabulous evening of dining and dancing at the Hyatt Regency Tulsa to celebrate the thirtieth anniversary of the Foundation's signature event. A sell-out crowd, including fifteen of our former chairs, filled the ballroom which had been exquisitely designed by our event producer Joe Mathis of the JA Mathis Company. Tulsa favorites Shelby Eicher and Mark Bruner provided dinner entertainment and the dance floor was quickly at capacity when Stars took the stage following the program.

A highlight of every Winterset evening is the presentation of the Outstanding Physician Award; and this year was no exception. Foundation Director Emeritus, Kenneth Calabrese, D.O., introduced the recipient of the 2017 award, Michael Whitworth, D.O. Joined by his family and many of his former residents, Dr. Whitworth was recognized for his exemplary service to students, to the education of future physicians, to the osteopathic profession, and the community. Much humbled by the award, Dr. Whitworth reflected on the opportunities that we all have been given because of the early vision and commitment of the original Founders.

We are incredibly grateful to all of our generous patrons who helped us realize the philanthropic purpose of the evening; with a very special thanks to 2017 Diamond Presenting Patron, Saint Francis Health System. We are humbled by their friendship and support of the osteopathic profession and our foundation. The giving spirit of the Tulsa community was represented at Winterset and a complete list of the 2017 Winterset Patrons is included inside. We thank them for their amazing support.

If you missed the thirtieth anniversary of Winterset, be sure to begin a new decade with us on February 24, 2018! Stay tuned for details.
