Mission Statement

The mission of the Osteopathic Founders Foundation is to support osteopathic medical education, to enhance the public's understanding of osteopathic medicine, and to improve the health of the community through projects consistent with the osteopathic philosophy.

Honoring Retirees

The Foundation's Board of Directors, Council of Chairs, and staff gathered at the McBirney Mansion in December to honor five local osteopathic physicians retiring from practice in 2010. Drs. Joseph (Jay) Back, Edwin (Ed) Berger, Thomas Harrison, and Tom Pickard were each presented with a commemorative plaque acknowledging their years of dedicated service to patients and profession. Dr. Earl Bachenberg, who also retired in 2010, was unable to attend.

In addition to the retirement celebration, Dr. Charles Henley, Foundation chairman, thanked three of our board members, who were completing their terms of service, for their dedication and commitment to the Founders organization. Grants to local non-profit organizations were made in honor of the service of the following members:

Stephen Bovasso, D.O.
Hutcherson Family YMCA
Strong Kids Program

Dean R. Fullingim, D.O.
Tulsa Advocates for the
Protection of Children

Sharon E. Noel, D.O.
Assistance in
Healthcare Patient
Assistance Fund

Wishing Chuck Good Luck!

Charles E. (Chuck) Henley, D.O.

It is with considerable sadness, but great pride, that we announce that Foundation chairman, Charles E. Henley, D.O., MPH has left Tulsa to accept the position of Senior Associate Dean for Clinical Education at Marion University College of Osteopathic Medicine in Indianapolis, Indiana.

After retirement from the U.S. Army, Dr. Henley returned to his alma mater, OSU College of Osteopathic Medicine, in 1997 to serve as Professor and Chairman of the Department of Family Medicine. In 2004 he was named to the Founders and Associates Research Chair in Family Medicine at the University of Oklahoma College of Medicine, Tulsa.

In 2007 he was appointed to the Bishop Fellowship Program, the only formal career development program to prepare family medicine educators to successfully hold senior level academic positions in the nation's medical schools. In 2008 he was honored as a Fellow in the American Council on Education Leadership.

Dr. Henley will be missed by our organization, by our community, and by the osteopathic profession in our state. We wish him the best of luck as he embarks on this new challenge.

WINTERSSET is Unforgettable

Just Around the Corner!

2011 chairmen, Drs. Patti Shaw Chalkin and Brian Chalkin are excited to announce the commitment of Cancer Treatment Centers of America – Southwest Regional Medical Center as our Presenting Patron at the Diamond Level. According to Steve Mackin, CEO of Tulsa's CTCA, their hospitals have long valued the relationship they enjoy with osteopathic physicians. Wintersset is an opportunity to convey, in a tangible way, the appreciation CTCA has for the osteopathic profession.

The selection committee has chosen the recipient of the 2011 Outstanding Physician Award which will be presented during the Wintersset evening. You won't want to miss that announcement, nor the fabulous dining, dancing and prizes that are always part of the night.

Hope to see you on the 26th!

Only one month remains before Wintersset 2011 debuts an *Unforgettable* evening at the Doubletree Hotel – Warren Place on Saturday, February 26th. A limited number of tickets are still available for this year's 24th annual event.

Bylaws

Thank you for casting your votes to approve the amendments to the bylaws of the Osteopathic Founders Foundation. The motion presented to you was approved by the required vote of the membership. The revised Amended and Restated Bylaws will be posted to the website soon, but if you would care to receive a copy either via email or U. S. mail, just give us a call.

One significant change to the document allows us to provide notices to the membership electronically. It becomes even more important for us to maintain an accurate list of email addresses in order to communicate with you. Please help us by letting us know when you've had a change in your email address, just as you would your mailing address. We don't want to lose track of our physicians!

The 2010 Annual Report is in development right now and will be delivered to you via our website, www.osteopathicfounders.org. Be sure to watch for it and for other information on our CME and ECC classes!
