Mission Statement

The mission of the Osteopathic Founders Foundation is to support osteopathic medical education, to enhance the public's understanding of osteopathic medicine, and to improve the health of the community through projects consistent with the osteopathic philosophy.

Winterset... continues!

Winterset 2013 Chairs Heather Bell, D.O. and Frank Bell, D.O.

The question you asked has been answered ... Winterset will continue, BETTER than ever. Remember, the 2011 and 2012 events were sell-outs. So plan now to make your reservations early for Saturday evening, February 23, 2013. Only 6 months until the big event!

We're very happy to announce that Heather Bell, D.O. and Frank Bell, D.O. have volunteered to chair Winterset 2013. They'll be working with master

event producer, Phil Long, to create a magical and memorable evening for all their guests.

Next steps ... the beneficiaries will be selected by the Foundation's grants committee (thank you for all of your suggestions) and the chairs will give their stamp of approval to the 2013 design. All those secrets will be unveiled at the kick-off party and in the patron letter that you'll receive in October.

Watch for it! We're saving you a seat ... but not for long!!!

We've seen the future.

At the end of a long and (sometimes) confusing week of orientation, the OSU College of Osteopathic Medicine's first year students, along with their families and mentors gathered for a picnic and swim party hosted by Janell and Scott Cyrus, D.O. Jointly sponsored by the Foundation, the Tulsa Osteopathic Medical Society, and the OSU-COM Alumni Association, the afternoon provided an opportunity to relax and get better acquainted before the first week of class work began.

What an outstanding group of young students were in attendance. We HAVE seen the future...and it's in very good hands.

Facilitating the facility.

The long awaited improvements to the graduate medical education department at OSU Medical Center were unveiled to the osteopathic community and friends recently. The enhancements include new sleep rooms for each program, the addition of a second conference room and upgraded technology in the large conference room, an atrium reading room and a new student lounge equipped for casual relaxation and conversation.

The Osteopathic Founders Foundation supported the goal of continuing to attract the best and brightest students and residents to train at OSUMC with a challenge grant of \$75,000. Through the generosity of individual physicians and a large contribution from the OSUMC Professional Staff, the goal of creating a state of the art facility for our young physicians in training has finally been realized.

Receiving

We are grateful for the following contributions received between January 1, 2012 and June 30, 2012:

L. C. Baxter Medical Library Fund

Ralph B. Coffman, D.O.
G. Davin Haraway, D.O.
W. W. Stoeber, D.O.
